NEARLY \$11,000

Raised For The College.

Success Has Crowned The Movement To Erect K. N. C. Building This Year.

It is settled.

The Kentucky Normal College will erect a large building this season.

Work will start within thirty days.

When the citizens of Louisa gathered at the Court House last Tuesday evening in a meeting that had been adjourned from the previous Tuesday night, the soliciting committee announced that \$9,400.00 had been subscribed to the college building proposition. \$1,900 of this amount was subscribed conditionally. When the meeting closed the subscription list footed up \$10,450. Since that time there has been added \$350 and the good work still goes on. It is the desire of every good and loyal citizen to see a \$15,000 building erected this summer, ready for use this fall. It can be done, as there is already on the ground and paid for, a large quantity of brick.

When the subscription reached \$10,000 the great question of whether or not the building would be erected this year was settled, as the subscriptions were taken upon condition that this amount be secured.

The meeting Tuesday night was a very live and interesting affair. Much enthusiasm was shown. It was expected that the subscriptions would be small upon this occasion, as the canvass of the town had procured about all the large amounts that were available.

The students of the college were out in large numbers, many of them bearing flags. Prof. McClure was present with a band of his pupils, and after an opening prayer by Rev. Elmer, an appropriate song was rendered by them. Mrs. Josephine Rice was organist and Rev. Elmer and Miss Della Hartman played cornets.

The chairman, M. S. Burns, announced the status of the subscription list and asked for talks from all who would say anything on the subject of the college.

Hon. G. W. Castle was called upon for an address and responded in a very creditable manner, winning much applause and arousing great enthusiasm. He was followed by G. L. Miller, C. J. Wilson, Judge T. S. Thompson, Rev. O. F. Williams, Prof. J. B. McClure, Theo. Luther and others, all of whom added good things to the love feast.

An interesting feature of the occasion was a request made of a number of students to tell why the Kentucky Normal College is a success and why they are attending it.

All responded with impressive talks. The testimony they gave was very convincing and satisfactory to the Louisa people and most certainly have been very gratifying to the Faculty of the College. The young men who spoke were Mr. Vanhouse, of Johnson county, Mr. Howard, of Magoffin, Mr. Ratcliff, of Pike, Mr. Davis, of Boyd, Mr. Beck, of Virginia, and Fred Vinson, of Louisa.

The work of taking subscriptions was then taken up, with the result as announced above.

The exercises were interspersed with good music under Prof. McClure's direction.

Prof. Byington and Kennison made brief addresses expressing their gratitude and appreciation and promising to do the best work of their lives in making this school a success.

The choir then announced that on next Sunday evening a meeting of the Louisa Normal College will be held at the Court House to raise the necessary subscription for the new building.

It is the intention to let contracts and start actual work on the building at the next session.

The building will probably be 1-2 story structure at the end of the main building, where it will show in the distance from the old building.

The estimated cost of the building is \$15,000 and it is believed will be completed within the year.

who will subscribe may have a chance to do so.

This is the greatest movement ever started in Louisa and its success will mean more to our future than anything that is within our reach. The College is not an uncertain experiment. It is an established success. The Faculty is equal to any that can be found anywhere and they have a reputation extending throughout the mountains of Eastern Kentucky and West Virginia. Students will flock here when we have the necessary facilities to accommodate them, and these we will have by next fall.

Judge W. O. B. Ratcliff died suddenly at his home in Pikeville Saturday morning. He had not been in good health for some time, but his death was not expected. He was one of the ablest and most progressive citizens in the county, and as County Judge did more for the improvement of roads and bridges than any other official the county ever had. He will be greatly missed. His sister, Mrs. John Hager, was at Hot Springs and received a telegram at noon on Saturday. She left at one o'clock and reached Pikeville at 8:30 Sunday evening. Theo. Coates, a brother-in-law, arrived from Richmond, Va. on the same train.

Mr. and Mrs. Harry Presman and daughter Miss Beulah arrived here Monday from California, where they had been since last October for the benefit of the latter's health. They were having a good time and the children were very happy. Their next friends are glad to have them here.

DEATH

Visited Four Families in This Locality Friday and Saturday.

Mrs. Geo. W. McCarty died at her home in lower Louisa last Saturday, of consumption. She was in her 46th year. A husband and five children are left, the youngest children being twins, nearly four years of age. Mr. McCarty is a C. & O. section foreman who moved here a few years ago from Bath county. The body of his wife was taken to Ovingtonville for burial.

Mrs. McCarty was taken into the church recently by Rev. O. F. Williams. She was a good wife and mother and her death was the greatest loss that could have come to them in this life.

James A. Davis passed away at an early hour on Friday, March 13th, at the age of 74 years. He had been confined to his room for several weeks and his death was not unexpected.

He was a veteran of the Civil War, having been a member of the 5th Virginia. For many years after the war he was one of the best known river men in this section.

A few weeks ago he was baptized and taken into the Baptist Church. The interment took place on Saturday afternoon in the family burial grounds across on the Point. Rev. I. M. Copley conducted the services.

A wife and one sister, Mrs. Alice Ferguson, are the nearest surviving relatives. Dan Davenport, a nephew from Ashland, attended the funeral.

Mrs. Sarah Compton died on Friday, March 13th, at Pilgrim, Martin county, of consumption. She was 52 years of age.

Fallsburg.

The protracted meeting held at this place by Rev. Sam C. Elson, of Louisa, closed last week with good results, there being 40 conversions and several joined the church and were baptized. We are glad to say that Bro. Elson has done our town a great favor by coming out here and preaching to our people, as there hadn't been a series of meetings held by the Methodist church for 6 years and it was badly in need of a revival. We are inclined to believe that we are going to have a church built, as there has been some preparations made already and we hope to make a success of it.

Our Sunday school which had closed for the winter, was reorganized last Sunday with good attendance.

We have prayer meeting every Sunday night, conducted by young converts mostly. J. W. Austin was appointed leader.

Mrs. Elson and baby were here during the meeting and are cordially invited to come again.

Miss Flora Jones, of Louisa, was the organist here during the revival and we are glad to say she is in our town again calling on friends and organizing a music class.

Oscar Stewart and family of West Virginia, are visiting relatives at this place.

Dora, to the wife of J. B. Heaberville, a big boy, Hurrah for Buckles. Miss Little Moore, of Long Branch is very low with consumption.

Mrs. H. C. Austin is very sick. Mr. Austin was glad to have his sister, Mrs. Thomas, of Virginia, to visit him. It having been 47 years since they last met. Her son, Geo. Thomas, accompanied her and stayed a few days. Mrs. Thomas will stay a few weeks or until Mrs. Austin gets better.

Good Bye.

Sheriff Stone arrested Fred Miller and landed him in jail Saturday. He had been wanted for four years in some prison.

ARRESTED.

C. P. Braisington Jailed Upon A Charge Of Burglary.

C. P. Braisington was arrested at the home of King Dawson, near Fort Gay, last Sunday by Marshal F. D. Marcus of this place, upon a charge of having broken into the Louisa Furniture Company's Store, an account of which we published last week. Braisington was at the dinner table when arrested. After a short conversation with a young woman friend who was with him, he accompanied the officer to Louisa and was taken before Judge Thompson. His bond was fixed at \$200, in default of which he went to jail. Thursday at three o'clock was agreed upon as the time for his examining trial.

It is claimed that he pawned some of the missing revolvers in Huntington. One of these has been recovered.

Braisington denies guilt and has wired his brother, Dr. S. F. Braisington, of Camden, N. C., to come to his rescue. The latter was here recently and paid up some debts contracted by C. P.

This man came to Louisa about a year ago and bought a Coca Cola plant, which he operated through last season. He finally became so involved in debt that the plant was closed. He is said to have come from an excellent family.

Thursday afternoon Braisington waived examination and the bond was reduced to \$500, which he says he can give.

Inez.

Garfield Casady is now occupying his new residence in the east end of town.

Mrs. Alice Kirk has been very sick for the past week, but is able to be out again.

Our jail is empty as far as having prisoners in it and from all appearances it will remain so.

S. W. Newberry and James Horn have purchased the property of W. A. Smith formerly owned by Mrs. A. Boyd.

Wm. Rouse and Walter C. Kirk were the two lowest bidders on the two mill routes, one running from this city to Warfield and the other from this city to Peach Orchard. Mr. Rouse has the Warfield route and Mr. Kirk the Peach Orchard.—Press.

W. C. T. U. Meeting.

The W. C. T. U. of Louisa, will hold an open session at the M. E. Church South on next Sunday evening, occupying the hour for the regular church service. MURDER

Of A Man 79 Years Old.

Alexander Trent Killed at Williamson by a Policeman.

Alexander Trent, age 79, was shot at Williamson, W. Va., Monday evening by Oats Riley, a policeman, and died from the effects of the wound on Wednesday at noon. Mr. Trent lived on a farm near Fort Gay, about three miles from Louisa.

The particulars as we have heard them are as follows:

Mr. Trent, who was somewhat addicted to the use of liquor, was reported to the policeman to be in a boisterous mood on the second floor of the hotel. Riley went up the stairs and saw Trent near the head of the stairway. While yet some distance away, he said to Trent, "What are you going to do with that knife in your hand?" The fatal shot followed almost immediately. It is said Mr. Trent was taken to a hospital where an operation was performed in the hope of saving his life. He rallied and it was thought he had a chance to recover, but death came to him at the time stated above.

Riley was placed in jail and it is said that the sentiment is so strong against him that a guard has been kept at the prison ever since to protect him from mob violence.

Riley is reported to be a constant drinker, and it is supposed that a drunken condition accounts for the horrible crime. Relatives of the dead man stated that Riley arrested Mr. Trent once before, some time ago, and took \$400 of his money; also that he had never given any of it back, and that bad feeling existed between them because of this fact.

Mr. Trent was a well-to-do citizen, being worth a considerable amount of money. He owned two or three farms and had several thousand dollars in cash. He formerly lived in Logan and had been Assessor for that county. Eli Trent, who lives near Fort Gay, is a brother of Alex.

Riley was about 35 years of age and has been on the police force for several years. The crime he must answer for is all the more horrible because of the extreme age of his victim.

A Scripture Biography.

Once, while I lived in the City of Destruction which Babylon describes,

there came to me John 14:26, who troubled me greatly because he 14:26.

At first I 14:26, because I 14:26.

Then came voices saying 14:27; 14:27.

25, 46; 17:17. Then I joined the noble band described in Acts 17:11. Here I saw a vision of 14:27 and Rev. 21, and found there not only Rev. 21:1-5, but John 14:27, and 15:11, and 15:12, and 15:15. And my soul longed for these things. Then I said: Where is the path? And a voice answered 14:6; and I said: Who shall guide me? And the voice said 14:13. Then I said: I am not fit to go there. And the voice said: 14:27, and 15:12, and 15:13. And I said: What do they do there? And the voice said: 14:14, 15:14, 15:15; 15:12; 17:18, 21. And I said: Lord, how shall I do these things? And the voice replied: 15:4, 7. Then the voice asked me: 21:16 (f. c.) and I replied: 20:23 and 21:16 (m. c.).

The Source of Life.

In Paleolithic times, then, it was the earth itself, not the sun, to which plant and animal primarily stood beholden for existence. This gives us a most instructive glimpse into one planetologic process. To the planet's own internal heat is due the chief fostering of the beginnings of life upon its surface. Thus a planet is capable of at least beginning to develop organisms without more than a modicum of help from the central sun. We talk of the sun as the source of life; and so it is today in the sense of being its sustainer; but the real source was the earth itself, which also raised it through its babyhood.—From Prof. Lowell's "The Evolution of Life," in Century.

Observant.

Stanley, a few feet, is one of a large family. It is a common sight and is found in all parts of the world. The only very small ones, however, are those in his hands.

At the University of Chicago Stanley gave a lecture on the life of a worm, and then announced, oracularly:

"My teacher and the cat seem to be the only people in this whole family that have any children!"—Hayden.

When the stomach, heart or kidney nerves get weak, then these organs always fail. Don't drag the stomach or stimulate the heart or kidneys. That is simply a makeshift. Get a prescription known to druggists everywhere as Dr. Shoop's Restorative. The restorative is prepared expressly for these weak inside nerves. Strengthen these nerves, build them up with Dr. Shoop's Restorative tablets or liquid, and see how quickly help will come. Free sample sent on request by Dr. Shoop, Racine, Wis. Some of you are paying more for your job printing than the Big Sandy News office charges, and getting a poorer class of work and a cheaper grade of stock. It is worth your while to investigate.

UBBER STAMPS.

Rubber stamps are a great convenience for certain purposes. They are not suitable for printing your letter heads and envelopes. Neatly printed stationery looks business like and is cheaper, all things considered, than buying blank stock and stamping it yourself.

When time was consumed by the Legislature in trying to repeal or amend the dog tax law, but it stands without change.

The Legislature did a good thing when it passed a law abolishing registration in fifth and sixth class towns. Louisa is in the fifth class.

Judge Ed. C. O'Rear has been re-nominated for Judge of the Court of Appeals in this district. This is equivalent to election. He has a very clean record and is an able Judge.

A report comes from Hazard, Ky., to the effect that Walter Day has been convicted upon a charge of forgery and sentenced to one year in the penitentiary. He was State Treasurer under the Taylor Administration.

The outrages being committed in Central Kentucky by large bands of "night riders" show how prevalent is the spirit of anarchy. It lies dormant in a surprising percentage of all good citizens, ready to be called forth by any irritating condition that may arise.

ACT QUICKLY.

Delay Has been dangerous in Louisa.

Do the right thing at the right time.

Act quickly in times of danger.

Paralyze is kidney danger.

Don't's Kidney Pills act quickly.

Over all distressing, dangerous kidney ills.

Plenty of evidence to prove this.

Mrs. Geo. Yates, living in Louisa, Ky., says: "I have used Don't's Kidney Pills and obtained the most satisfactory results. They corrected the irregularity of my kidneys and they also relieved my mother who was troubled with a long standing case of kidney weakness. She suffered from backache and a weakness of kidneys. Many times her back was so lame that she could scarcely get up or down and could not attend to her household duties. Don't's Kidney Pills proved of the greatest benefit to her and I have not heard her complain of any trouble arising from the kidneys for a long time. I gladly recommend Don't's Kidney Pills to other sufferers."

"GOOD LUCK" BAKING BREAD

No housewife or baker can have "good luck" if the flour is poor. Why not use the flour that everybody speaks well of? Few flours ever had such a good reputation as

It is a Flour with Life to It.

It is purely itself; it is snowy white; it makes light, white, nutritious bread. When you put your bread you know it is going to raise. Sweeten your bread you can get against sourness and sourness. Ask your dealer. Nothing to pay if you don't like it. We are backed him in this. The Dewey Bros. Co., Millers, Cincinnati, Ohio.

ULYSSES

On March the second Mrs. Katie Lyons, wife of Andrew Lyons, died very suddenly and unexpectedly to everyone. While she never claimed to feel well, she was unusually cheerful that day and had gone to visit her sister, Mrs. Wm. Pack, in the forenoon having returned home in the evening. Mrs. Telle Borders, a neighbor was calling and they were sitting and talking pleasantly when Mrs. Lyons suddenly exclaimed, "my head is almost bursting" and immediately fell forward and expired a few minutes later. She was a good woman and will be greatly missed. She leaves a husband and one son and two grown daughters. There has been several weddings at this place since I have seen a letter in the NEWS, and another wedding is expected soon.

Harmon Edwards, of Borders Chapel died of pneumonia fever recently. There are several other cases of pneumonia here at present, all of which are improving.

Aunt Mary Miller, is yet, but I think, if any, improved.

J. A. Bessley's infant child died since my last letter.

Sam Castle, Wm. Charles and Howie Pack are all pleased because of the arrival of a fine boy at each of their homes.

Joe Allen and Miss Little Preston both of Lowmansville, were married at the home of the bride on last Friday and on last Monday Mr. and Mrs. Allen started for Utah where they will make their future home.

They were accompanied by Wallace Brown and family who will also locate in Utah. They are among the best citizens and we regret to have them leave us. Frank Allen says that he is going to move there in the near future, but it is hoped that he will decline the idea and stay with us. He and his wife would be much missed here.

SHAKE WELL

Advice of Authority Also a Simple Prescription.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to drive warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here and also tells what to do in case of an attack.

Get from any good prescription place every one-half ounce Fluid Extract of Sassafras, one ounce Compound Karpoc, three ounces Compound Syrup Sassafras. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home-made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. try the following delightful desert:
 1/2 cup English Walnut meats.
 1/2 doz. figs cut up fine.
 1 1/2 package JELL-O any flavor.
 Dissolve the JELL-O in a pint of boiling water. When cool and just commencing to thicken stir in with figs and nuts. Serve with whipped cream. Delicious. The walnuts, figs and JELL-O can be bought at any good grocery. This makes enough desert for a large family and is very economical.

Weak Women

To weak and ailing women, there is at least one way to help. Not with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical anesthetic suppository remedy, while Dr. Shoop's Restorative is a widely used internal treatment. The Restorative reaches throughout the entire system, making the repair of all nerve, all tissue, and all blood elements. The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, breaks local weakness and discharges, while the Restorative, once nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Bottle or Liquid—two general leads to the system. For positive local help, use as well.

OUR NEIGHBORS.

Wm. Artip, C. & O. engineer, who was held for manslaughter because his engine killed an aged man named Banks at Frestonsburg, has been discharged by the court.

Jerry A. Hughes died at Ashland a few days ago at the age of 43 years. His oldest son, age eighteen, died only two weeks previous of pneumonia.

Jef Newberry, the well known wholesale shoe dealer of the Newberry Shoe Company, was removed from his home on Fifth avenue yesterday to the Huntington Hospital, where he underwent an operation today for a serious affliction that has bothered him for some time. Mr. Newberry's many friends in the city will regret to hear of his illness.—Huntington Herald.

Mrs. Mary Jane Martin, wife of Dr. J. W. Martin, died at her home 223 East Winchester Avenue, last night, after a brief illness of pneumonia. Mrs. Martin had been an invalid for several years, and during all that time, had been cared for as tenderly by her devoted family as though she were a child.

The deceased was born in Floyd county, February 27, 1858. She was the daughter of Gen. Daniel Hager, this being one of the most prominent families in the Big Sandy valley. She was united in marriage to Dr. J. W. Martin, at Palatka, in April, 1857.

George W. Calvin, the well known merchant, farmer and stockdealer, of Cannonsburg, has just returned from Chicago, where he purchased 11 car loads of cattle, which are being brought to Boyd county, to be grazed on the lands of our farmers. Two or three car loads have already arrived and have been driven to the country, and the others will be here within a day or so. Mr. Calvin is engaging this season, more extensively in the live stock business than ever before, and has splendid prospects of realizing handsomely from his enterprise. He is one of the pushing, hustling citizens of our county.—Cathletburg Tribune.

Frankfort, Ky., March 12.—Frank Horn, Deputy United States Marshal who killed Irvin Short, an alleged moonshiner, in Knott county in June 1906, was acquitted last week in the Federal Court here. The defense, feeling that the prosecution had failed to make a strong case, took only the testimony of the defendant. Horn said that he went to Short's place to arrest him for moonshining and Short started to run to the house. He said that he believed that Short was running to the house to get arms to kill him and fired, intending only to cripple Short, but the wound proved fatal.

Thirty-two prisoners, mostly boys were sentenced to thirty days in jail and fined \$100 for retailing liquor without license in Eastern Kentucky. Mrs. Nettie Kinner, of Magesville county, the only woman "whiner" at this court, was dismissed and permitted to return to her home.

The U. S. Engineers who prepared the reports and maps relative to the proposed lock and dam system in the Ohio river, forgot to put Ironton on the map showing the territory commercially benefited by the reliable navigation of the Ohio. This is rather surprising, since Ironton has the heaviest tonnage of any city on the Ohio river between Wheeling and Cincinnati, and is supposed to be located at or near the site of one of the proposed locks and dams. Ashland and Cathletburg are also mining, and staid old Gallipolis also gets the go-by; but the thriving metropolis of Greenup and Vanceburg, with its towering population of several hundreds, is given a place. Huntington and Portsmouth are also represented. But then, what is commercial importance or a city's reputation for persistent aid in helping along the On-to-Cairo movement, compared with the fact that Greenup is the home of a Congressman? It is a very little thing, perhaps, but very little extra effort would have been required to place on this map showing "territory commercially benefited," the most thickly populated area west of Wheeling—Ironton, Ashland, Cathletburg and their environs—as is done in the back place in the same report.—Ironton Postman.

that in order to do this a new post-office should be established. The Postmaster General agreed with him and a new office, Long Fork, has been established, to which Miss Durby will be appointed, while Miss Johnson will hand out letters at Elty, Ky.

Rev. John H. Williams died at Iona Wednesday after a brief illness. He was 86 years old.

Frankfort, Ky.—Ben Carey sent to the penitentiary from Boyd county, to serve seven years for manslaughter, worked a clever ruse to make his escape, but enjoyed but a brief spell of liberty, being captured by Guards Pythian and Mudd within a very short time after he had gotten away from duaneville.

Carey had laid his plans well for his break for freedom. When he with several other convicts was taken out side of the prison walls to the rear stockade to get some packages from the outside shoe factory, he lost no time in seizing the first available opportunity to get away. It is said he managed to elude the keen eye of the guard a short time, and when misad shortly afterward could not be accounted for. A quick search of the premises and surrounding country, is said to have disclosed the fact that a man with a white shirt on, was going over the F. C. trestle far up on the Normal hill. The man was making tracks towards Georgetown, and the officers were practically certain that the white-shirted man was Carey.

Telephones were quickly put to work and scouting parties sent out. Believing that he would continue on towards the forks of Elkhorn and Swiftzer, Guards Mudd and Pythian got in a buggy and hurried toward that point. When near that point they learned that a man had been seen trailing ahead, in the pine, wearing a peculiar kind of trousers and with out a coat. They quickly overhauled the man described, and found that he was Carey. The convict threw up his hands when two guns were leveled at him and agreed to go back to prison.

With a view of concealing the fact that he was a convict, Carey had most ingeniously, considering the materials at hand, cut a pair of trousers out of his blanket. He admitted that he had laid his striped trousers down on the blanket and with a small knife cut out the pattern and then with such needles and thread as he had, sewed them up and donned them under his stripes, to await the first opportunity for escape. This came and he slipped off his striped breeches and cut and made off, wearing only the blanket trousers. He hid the stripes under a near-by lumber pile.

Carey was paroled out of prison some time ago, but violated its provisions by getting drunk and was brought back last October.

MISS DELLA STRICK, 78 Years Old.

"For several years I was in a run-down condition, and I could find no relief from doctors and medicine. I could not enjoy my meals, and could not sleep at night. I had heavy, dark circles about the eyes."

"My friends were much alarmed. I was advised to give Peruna a trial, and to my joy I began to improve with the first bottle. After taking six bottles I felt completely cured. I cannot say too much for Peruna as a medicine for women in a run-down condition."

Peruna Old Wonders.
